## For All The FASHIONISTAS Who Love their JEWELRY

### The Necklace Saver

*You know that favorite necklace you fell in love with at the checkout counter that keeps on getting tangled with all your other once upon a time favs? Or the old fav that broke while you were trying to untangle it. If there was a way to preserve your necklaces... wouldn't you want to? Now you can! And in a stylish scented way with the necklace saver. It makes wearing your necklaces a tangle free process. Just place your necklace into the open slot on the 'saver' made of organza fabric, clasp the necklace closed, tie the ends together – and voilà – problem solved!*

*This is the perfect accessory organizer for the holiday or any special occasion. Purchase yours now!*

*LOVE THIS! Such a great idea I also ready that the 'saver' can be rolled or folded! I'm definitely buying like 5 of these for when I go on vacation next month!*
